Aziz Azharudin

Frontend Developer
Yogyakarta, Indonesia

Summary

"I am a graduate with a Bachelor's degree in Computer Science who has a strong passion for the arts, particularly programming, with over 1 year of experience. I have practical experience in identifying web-based user interactions as well as designing and implementing highly responsive user interface components using React concepts. I am proficient in translating designs and wireframes into high-quality code, as well as writing application interface code through JavaScript and React JS workflows. I am skilled in monitoring and maintaining frontend performance, handling issues, and debugging to enhance overall performance."

Experience

PT Bank BTPN Tbk

Project Based Virtual Intern: BTPN Syariah Fullstack Developer X
Rakamin Academy

May 2024 - June 2024 (2 months)

Jakarta Raya, Indonesia

During my internship at BTPN Syariah, I had the opportunity to work on a variety of projects as a Fullstack Developer, where I applied and honed my skills in Java, Golang, Vue.js, JavaScript, and SQL. This role involved developing and maintaining both the front-end and back-end components of web applications, contributing to a range of projects that enhanced the digital banking solutions provided by the organization.

PT Bank Mandiri (Persero) Tbk.

Project-Based Internship Mobile Application Developer at Mandiri
December 2023 - January 2024 (2 months)

Jakarta Raya, Indonesia

"Developed an Android application using Kotlin that displays a news list via an API. The app shows news headlines and a list of articles, incorporating an endless or infinite scrolling feature."

Education

Universitas Teknologi Yogyakarta

S.Kom, Informatika · (September 2019 - August 2023)
